

CHILD PROTECTION

1.1 Children’s rights and entitlements

Policy statement

- We promote children's right to be *strong, resilient and listened to* by creating an environment in our setting that encourages children to develop a positive self image, which includes their heritage arising from their colour and ethnicity, their languages spoken at home, their religious beliefs, cultural traditions and home background.
- We promote children's right to be *strong, resilient and listened to* by encouraging children to develop a sense of autonomy and independence.
- We promote children's right to be *strong, resilient and listened to* by enabling children to have the self-confidence and the vocabulary to resist inappropriate approaches.
- We help children to establish and sustain satisfying relationships within their families, with peers, and with other adults.
- We work with parents to build their understanding of, and commitment to, the principles of safeguarding all our children.

EYFS key themes and commitments

| A Unique Child | Positive Relationships | Enabling Environments | Learning and Development |
|------------------------|---------------------------|----------------------------|--|
| 1.2 Inclusive practice | 2.1 Respecting each other | 3.2 Supporting every child | 4.4 Personal, social and emotional development |

What it means to promote children’s rights and entitlements to be ‘*strong, resilient and listened to*’.

To be strong means to be:

- secure in their foremost attachment relationships where they are loved and cared for, by at least one person who is able to offer consistent, positive and unconditional regard and who can be relied on;
- safe and valued as individuals in their families and in relationships beyond the family, such as day care or school;
- self assured and form a positive sense of themselves – including all aspects of their identity and heritage;
- included equally and belong in early years settings and in community life;
- confident in abilities and proud of their achievements;
- progressing optimally in all aspects of their development and learning;

- to be part of a peer group in which to learn to negotiate, develop social skills and identity as global citizens, respecting the rights of others in a diverse world; and
- to participate and be able to represent themselves in aspects of service delivery that affects them as well as aspects of key decisions that affect their lives.

To be resilient means to:

- be sure of their self worth and dignity;
- be able to be assertive and state their needs effectively;
- be able to overcome difficulties and problems;
- be positive in their outlook on life;
- be able to cope with challenge and change;
- have a sense of justice towards self and others;
- develop a sense of responsibility towards self and others; and
- be able to represent themselves and others in key decision making processes.

To be listened to means:

- adults who are close to children recognise their need and right to express and communicate their thoughts, feelings and ideas;
- adults who are close to children are able to tune in to their verbal, sign and body language in order to understand and interpret what is being expressed and communicated;
- adults who are close to children are able to respond appropriately and, when required, act upon their understanding of what children express and communicate; and
- adults respect children's rights and facilitate children's participation and representation in imaginative and child centred ways in all aspects of core services.

CHILD PROTECTION

1.2 Safeguarding children and child protection

(Including managing allegations of abuse against a member of staff)

Policy statement

Our setting will work with children, parents and the community to ensure the rights and safety of children and to give them the very best start in life. Our safeguarding policy is based on the three key commitments of the Pre-school Learning Alliance Safeguarding Children Policy.

EYFS key themes and commitments

| A Unique Child | Positive Relationships | Enabling Environments | Learning and Development |
|------------------|--|-----------------------|--|
| 1.3 Keeping safe | 2.1 Respecting each other 2.2 Parents as partners | 3.4 The wider context | 4.4 Personal, social and emotional development |

Procedures

We carry out the following procedures to ensure we meet the three key commitments of the Kids Corner Safeguarding Children Policy.

Key commitment 1

Kids Corner Nursery is committed to building a 'culture of safety' in which children are protected from abuse and harm in all areas of its service delivery.

Staff and volunteers

- Our designated person (a member of staff) who co-ordinates child protection issues is:
 Mariam Karim

- Our designated officer (a committee member) who oversees this work is:
 Hafsa Ghaswala

- We ensure all staff and parents are made aware of our safeguarding policies and procedures.
- We provide adequate and appropriate staffing resources to meet the needs of children.
- Applicants for posts within the setting are clearly informed that the positions are exempt from the Rehabilitation of Offenders Act 1974.

- Candidates are informed of the need to carry out 'enhanced disclosure' checks with the Criminal Records Bureau before posts can be confirmed.
- Where applications are rejected because of information that has been disclosed, applicants have the right to know and to challenge incorrect information.
- We abide by Ofsted requirements in respect of references and Criminal Record Bureau checks for staff and volunteers, to ensure that no disqualified person or unsuitable person works at the setting or has access to the children.
- Volunteers do not work unsupervised.
- We abide by the Protection of Vulnerable Groups Act requirements in respect of any person who is dismissed from our employment, or resigns in circumstances that would otherwise have lead to dismissal for reasons of child protection concern.
- We have procedures for recording the details of visitors to the setting.
- We take security steps to ensure that we have control over who comes into the setting so that no unauthorised person has unsupervised access to the children.
- We take steps to ensure children are not photographed or filmed on video for any other purpose than to record their development or their participation in events organised by us. Parents sign a consent form and have access to records holding visual images of their child.

Key commitment 2

Kids Corner Nursery is committed to responding promptly and appropriately to all incidents or concerns of abuse that may occur and to work with statutory agencies in accordance with the procedures that are set down in 'What to do if you're worried a child is being abused' (HMG 2006).

Responding to suspicions of abuse

- We acknowledge that abuse of children can take different forms - neglect, physical, emotional, sexual as well as child sexual exploitation. We acknowledge the existence and risk assess potential possibilities for exposure to radical ideas and threats of terrorism.
- When children are suffering from physical, sexual or emotional abuse, may be experiencing neglect or are exposed to radical ideology, this may be demonstrated through the things they say (direct or indirect disclosure) or through changes in their appearance, their behaviour, or their play.
- We take into account factors affecting parental capacity, such as social exclusion, domestic violence, parent's drug or alcohol abuse, mental or physical illness or parent's learning disability.
- We are aware of other factors that affect children's vulnerability such as abuse of disabled children, fabricated or induced illness, child abuse linked to beliefs in spirit possession, sexual exploitation of children such as through internet abuse and going through Female Genital Mutilation that may affect or may have affected children and young people using our provision.
- We also make ourselves aware that some children and young people are affected by gang activity, by complex, multiple or organised abuse, through forced marriage or honour based

violence or maybe victims of child trafficking. While this may be less likely to affect young children in our care we may become aware of any of these factors affecting older children and young people who we may come into contact with.

- Where we believe a child in our care or known to us may be affected by any of these factors we follow the procedure for reporting child protection concerns.
- Where such evidence is apparent, the child's key person makes a dated record of the details of the concern and discusses what to do with the setting leader or manager who is acting as the 'designated person'. The information is stored on the child's personal file.
- We refer concerns to the local authority children's social care department and co-operate fully in any subsequent investigation.

NB In some cases this may mean the police or another agency identified by the Local Safeguarding Children's Board.

- We take care not to influence the outcome either through the way we speak to children or by asking questions of children.
- We take account of the need to protect young people aged 16-19 as defined by the Children Act 1989. This may include students or school children on work placement, young employees or young parents. Where abuse is suspected we follow the procedure for reporting any other child protection concerns. The views of the young person will always be taken into account, but the setting may override the young persons refusal to consent to share information if it feels that it is necessary to prevent a crime from being committed or intervene where one may have been or to prevent harm to a child or adult. Sharing confidential information without consent is done only where not sharing it could be worse than the outcome of having shared it.

Recording suspicions of abuse and disclosures

- Where a child makes comments to a member of staff that gives cause for concern (disclosure), observes signs or signals that gives cause for concern, such as significant changes in behaviour; deterioration in general well-being; unexplained bruising, marks or signs of possible abuse or neglect that member of staff:
 - listens to the child, offers reassurance and gives assurance that she or he will take action;
 - does not question the child;
 - makes a written record that forms an objective record of the observation or disclosure that includes:
 - the date and time of the observation or the disclosure;
 - the exact words spoken by the child as far as possible;
 - the name of the person to whom the concern was reported, with date and time; and
 - the names of any other person present at the time.
- These records are signed and dated and kept in the child's personal file which is kept securely and confidentially.

- Where the Local Safeguarding Partnership(LSP) stipulates the process for recording and sharing concerns, we include those procedures alongside this procedure and follow the steps set down by the Local Safeguarding Partnership.

Making a referral to the local authority social care team

- The Pre-school Learning Alliance's publication Safeguarding Children contains procedures for making a referral to the local children's social care team, as well as a template form for recording concerns and making a referral. This is based on 'What to do if you are worried a child is being abused'(HMG 2006).
- We keep a copy of this document alongside procedures set down by our LSP.

Informing parents

- Parents are normally the first point of contact. We discuss concerns with parents to gain their view of events unless we feel this may put the child in greater danger.
- We inform parents where we make a record of concerns in their child's file and that we also make a note of any discussion we have with them regarding a concern.
- If a suspicion of abuse warrants referral to social care, parents are informed at the same time that the referral will be made, except where the guidance of the LSP does not allow this, for example, where it is believed that the child may be placed in greater danger.
- This will usually be the case where the parent is the likely abuser. In these cases the social workers will inform parents.

Liaison with other agencies

- We work within LSP guidelines.
- We have a copy of 'What to do if you're worried a child is being abused' as well as "Prevent guidance for Easy Years Providers" for parents and staff and all staff are familiar with what to do if they have concerns.
- We have procedures for contacting the local authority on child protection issues, including maintaining a list of names, addresses and telephone numbers of social workers, to ensure that it is easy, in any emergency, for the setting and social services to work well together.
- We notify the registration authority (Ofsted) of any incident or accident and any changes in our arrangements which may affect the wellbeing of children or where an allegation of abuse is made against a member of staff.
- Contact details for the local National Society for the Prevention of Cruelty to Children (NSPCC) are also kept.

Allegations against staff

- We ensure that all parents know how to complain about the behaviour or actions of staff or volunteers within the setting, or anyone living or working on the premises occupied by the setting, which may include an allegation of abuse.

- We follow the guidance of the LSP when responding to any complaint that a member of staff, or volunteer within the setting, or anyone living or working on the premises occupied by the setting, has abused a child.
- We respond to any disclosure by children or staff that abuse by a member of staff or volunteer within the setting, or anyone living or working on the premises occupied by the setting, may have taken, or is taking place, by first recording the details of any such alleged incident.
- We refer any such complaint immediately to the local authority's social care department to investigate. We also report any such alleged incident to Ofsted and what measures we have taken. We are aware that it is an offence not to do this.
- We co-operate entirely with any investigation carried out by children's social care in conjunction with the police.
- Where the management committee and children's social care agree it is appropriate in the circumstances, the chairperson will suspend the member of staff on full pay, or the volunteer, for the duration of the investigation. This is not an indication of admission that the alleged incident has taken place, but is to protect the staff as well as children and families throughout the process.

Disciplinary action

- Where a member of staff or volunteer has been dismissed due to engaging in activities that caused concern for the safeguarding of children or vulnerable adults, we will notify the Independent Safeguarding Authority (ISA) of relevant information so that individuals who pose a threat to children (and vulnerable groups), can be identified and barred from working with these groups.

Key commitment 3

Kids Corner Nursery is committed to promoting awareness of child abuse issues throughout its training and learning programmes for adults. It is also committed to empowering young children, through its early childhood curriculum, promoting their right to be strong, resilient and listened to.

Training

- We seek out training opportunities for all adults involved in the setting to ensure that they are able to recognise the signs and signals of possible physical abuse, emotional abuse, sexual abuse/sexual exploitation, neglect and involvement into radicalisation so that they are aware of the local authority guidelines for making referrals.
- We ensure that all staff know the procedures for reporting and recording their concerns in the setting.

Planning

- The layout of the rooms allows for constant supervision. No child is left alone with staff or volunteers in a one-to-one situation without being visible to others.

Curriculum

- We introduce key elements of keeping children safe into our programme to promote the personal, social and emotional development of all children, so that they may grow to be *strong, resilient and listened to* and that they develop an understanding of why and how to keep safe.
- We create within the setting a culture of value and respect for the individual, having positive regard for children's heritage arising from their colour, ethnicity, languages spoken at home, cultural and social background through embedding core British values into our curriculum.
- We ensure that this is carried out in a way that is developmentally appropriate for the children.

Confidentiality

- All suspicions and investigations are kept confidential and shared only with those who need to know. Any information is shared under the guidance of the LSP.

Support to families

- We believe in building trusting and supportive relationships with families, staff and volunteers in the group.
- We make clear to parents our role and responsibilities in relation to child protection, such as for the reporting of concerns, providing information, monitoring of the child, and liaising at all times with the local children's social care team.
- We will continue to welcome the child and the family whilst investigations are being made in relation to any alleged abuse.
- We follow the Child Protection Plan as set by the child's social care worker in relation to the setting's designated role and tasks in supporting that child and their family, subsequent to any investigation.
- Confidential records kept on a child are shared with the child's parents or those who have parental responsibility for the child in accordance with the Confidentiality and Client Access to Records procedure and only if appropriate under the guidance of the LSP.

Coronavirus Covid-19 updates

- All staff remain alert to any signs that during the current COVID-19 outbreak a child in their care is suffering from or likely to be suffering from harm. This include signs of neglect that may be caused by extraordinary circumstances due to measures to curb the spread of the virus or increased risk of abuse and domestic violence.

Legal framework

Primary legislation

- Children Act (1989 s47)
- Protection of Children Act (1999)

CHILD PROTECTION

1.3 Looked after children

Policy statement

Early years settings are committed to providing quality provision based on equality of opportunity for all children and their families. All staff are committed to doing all they can to enable 'looked after' children in their care to achieve and reach their full potential.

Definition of 'Looked after Children' (LAC): *Children and young people become 'looked after' if they have either been taken into care by the local authority, or have been accommodated by the local authority (a voluntary care arrangement). Most LAC will be living in foster homes, but a smaller number may be in a children's home, living with a relative or even placed back home with their natural parent(s).*

We recognise that children who are being looked after have often experienced traumatic situations; physical, emotional or sexual abuse or neglect. However, we also recognise that not all looked after children have experienced abuse and that there are a range of reasons for children to be taken in to the care of the local authority. Whatever the reason, a child's separation from their home and family signifies a disruption in their lives that has impact on their emotional well-being. Most local authorities do not place children under five with foster carers who work outside the home; however there are instances when this does occur or where the child has been placed with another family member who works. The Alliance maintains that it not appropriate for a looked after child who is under two years to be placed in a day care setting in addition to a foster placement.

In our setting, we place emphasis on promoting *children's right to be strong, resilient and listened to*. Our policy and practice guidelines for looked after children are based on these two important concepts, *attachment and resilience*. The basis of this is to promote secure attachments in children's lives as the basis for resilience. These aspects of well-being underpin the child's responsiveness *to* learning and are the basis in developing positive dispositions *for* learning. For young children to get the most out of educational opportunities they need to be settled enough with their carer to be able to cope with further separation, a new environment and new expectations made upon them.

Principles

- The term ‘looked after child’ denotes a child’s current legal status; this term is never used to categorise a child as standing out from others. We do not refer to such a child using acronyms such as LAC.
- We do not offer placements for babies and children under two years who are in care; we offer instead other services to enable a child to play and engage with other children where their carer stays with the child.
- We offer places to two-year-old children in exceptional circumstances who are in care. In such cases, the child should have been with the foster carer for at least two months and show signs of having formed a secure attachment to the carer and where the placement in the setting will last a minimum of three months.
- We offer places for funded three and four-year-olds who are in care to ensure they receive their entitlement to early education. We expect that a child will have been with a foster carer for a minimum of one month and has formed a secure attachment to the carer. We expect that the placement in the setting will last a minimum of six weeks.
- We will always offer ‘stay and play’ provision for a child who is two to five years old who is still settling with their foster carer, or who is only temporarily being looked after.
- Where a child who normally attends our setting is taken into care and is cared for by a local foster carer we will continue to offer the placement for the child.

EYFS key themes and commitments

| A Unique Child | Positive Relationships | Enabling Environments | Learning and Development |
|---|--|---|--|
| 1.1 Child development 1.2 Inclusive practice 1.3 Keeping safe | 2.1 Respecting each other 2.2 Parents as partners 2.4 Key person | 3.2 Supporting every child 3.4 The wider context | 4.4 Personal, social and emotional development |

Procedures

- The designated person for looked after children is the designated child protection co-ordinator.
- Every child is allocated a key person before they start and this is no different for a looked after child. The designated person ensures the key person has the information, support and training necessary to meet the looked after child’s needs, which is recorded in **Annex 1.3A Care plan for looked after children.**
- The designated person and the key person liaise with agencies, professionals and practitioners involved with the child and his or her family and ensures appropriate information is gained and shared.

- The setting recognises the role of the local authority social care department as the child's 'corporate parent' and the key agency in determining what takes place with the child. Nothing changes, especially with regard to the birth parent's or foster carer's role in relation to the setting without prior discussion and agreement with the child's social worker.
- At the start of a placement there is a professionals meeting that will determine the objectives of the placement and draw up a care plan (Annex 1.3A) that incorporates and the child's learning needs. This plan is reviewed after two weeks, six weeks and three months. Thereafter at three to six monthly intervals.
- The care plan (Annex 1.3A) needs to consider such issues for the child as:
 - the child's emotional needs and how they are to be met;
 - how any emotional issues and problems that affect behaviour are to be managed;
 - the child's sense of self, culture, language/s and identity – how this is to be supported;
 - the child's need for sociability and friendship;
 - the child's interests and abilities and possible learning journey pathway; and
 - how any special needs will be supported.
- In addition the care plan will also consider:
 - how information will be shared with the foster carer and local authority (as the 'corporate parent') as well as what information is shared with whom and how it will be recorded and stored;
 - what contact the child has with his/her birth parent(s) and what arrangements will be in place for supervised contact. If this is to be the setting, when, where and what form the contact will take will be discussed and agreed;
 - what written reporting is required;
 - wherever possible, and where the plan is for the child's return home, the birth parent(s) should be involved in planning; and
 - with the social worker's agreement, and as part of the plan, the birth parent(s) should be involved in the setting's activities that include parents, such as outings, fun-days etc alongside the foster carer.
- The settling-in process for the child is agreed. It should be the same as for any other child, with the foster carer taking the place of the parent, unless otherwise agreed. It is even more important that the 'proximity' stage is followed until it is visible that the child has formed a relationship with his or her key person sufficient to act as a 'secure base' to allow the gradual separation from the foster carer. This process may take longer in some cases, so time needs to be allowed for it to take place without causing further distress or anxiety to the child.
- In the first two weeks after settling-in, the child's well-being is the focus of observation, their sociability and their ability to manage their feelings with or without support.
- Further observations about communication, interests and abilities will be noted to firm a picture of the whole child in relation to the Early Years Foundation Stage 6 areas of learning.
- Concerns about the child will be noted in the child's file and discussed with the foster carer.

- If the concerns are about the foster carer's treatment of the child, or if abuse is suspected, these are recorded in the child's file and reported to the child's social care worker according to the setting's safeguarding children procedure.
- Regular contact should be maintained with the social worker through planned meetings that will include the foster carer.
- Transition to school will be handled sensitively and the designated person and or the child's key person will liaise with the school, passing on relevant information and documentation with the agreement of the looked after child's birth parents.

CHILD PROTECTION

1.4 Uncollected child

Policy statement

In the event that a child is not collected by an authorised adult by their expected collection time, the setting puts into practice agreed procedures. These ensure the child is cared for safely by an experienced and qualified practitioner who is known to the child. We will ensure that the child receives a high standard of care in order to cause as little distress as possible.

We inform parents/carers of our procedures so that, if they are unavoidably delayed, they will be reassured that their children will be properly cared for.

EYFS key themes and commitments

| A Unique Child | Positive Relationships | Enabling Environments | Learning and Development |
|---|-------------------------|-----------------------|--------------------------|
| 1.3 Keeping safe 1.4 Health and well-being | 2.2 Parents as partners | 3.4 The wider context | |

Procedures

- Parents of children starting at the setting are asked to provide the following specific information which is recorded on our Registration Form:
 - Home address and telephone number - if the parents do not have a telephone, an alternative number must be given, perhaps a neighbour or close relative.
 - Place of work, address and telephone number (if applicable).
 - Mobile telephone number (if applicable).
 - Names, addresses, telephone numbers and signatures of adults who are authorised by the parents to collect their child from the setting, for example a childminder or grandparent.
 - Who has parental responsibility for the child.
 - Information about any person who does not have legal access to the child.

- On occasions when parents are aware that they will not be at home or in their usual place of work, they inform us in writing of how they can be contacted.
- On occasions when parents or the persons normally authorised to collect the child are not able to collect the child, they provide us with written details of the name, address and telephone number of the person who will be collecting their child. We agree with parents how to verify the identity of the person who is to collect their child.
- Parents are informed that if they are not able to collect the child as planned, they must inform us so that we can begin to take back-up measures. We provide parents with our contact telephone number.
- We inform parents that we apply our child protection procedures in the event that their children are not collected from setting by an authorised adult within one hour after the setting has closed and the staff can no longer supervise the child on our premises.
- If a child is not collected at the end of the session/day, we follow the following procedures:
 - The child's file is checked for any information about changes to the normal collection routines.
 - If no information is available, parents/carers are contacted at home or at work.
 - If this is unsuccessful, the adults who are authorised by the parents to collect their child from the setting – and whose telephone numbers are recorded on the Registration Form – are contacted.
 - All reasonable attempts are made to contact the parents or nominated carers.
 - The child does not leave the premises with anyone other than those named on the Registration Form or in their file.
 - If no-one collects the child within **30 minutes** of their expected collection time and there is **no named contact** who can be contacted to collect the child, we apply the procedures for uncollected children.
 - If we have any cause to believe the child has been abandoned we contact the local authority children's social care team:
If the children's social care team is unavailable [or as our local authority advise] we will contact the local police]
 - We contact our local authority children's social care team:

0116 4541000 (telephone number)

For full day care, this will be the out of hours duty officer:

0116 454 1004 (telephone number)

-

- After an additional 15 minutes if the child has not been collected, we will contact the above statutory agencies again.
- The child stays at setting in the care of two fully-vetted workers until the child is safely collected either by the parents or by a social care worker, or by another person specified by social care.
- Social Care will aim to find the parent or relative if they are unable to do so, the child will become looked after by the local authority.
- Under no circumstances do staff to go to look for the parent, nor do leave the setting premises with he child.
- We ensure that the child is not anxious and We do not discuss the concerns in front of them.
- A full written report of the incident is recorded in the child's file.
- Depending on circumstances, we reserve the right to charge parents for the additional hours worked by our staff.
- Ofsted may be informed:

0300 123 123 1

(telephone number)

- Safeguarding Children (2013)

CHILD PROTECTION

1.5 Missing child

Policy statement

Children’s safety is maintained as the highest priority at all times both on and off premises. Every attempt is made through carrying out the outings procedure and the exit/entrance procedure to ensure the security of children is maintained at all times. In the unlikely event of a child going missing, our missing child procedure is followed.

EYFS key themes and commitments

| A Unique Child | Positive Relationships | Enabling Environments | Learning and Development |
|---|-------------------------|-----------------------|--------------------------|
| 1.3 Keeping safe 1.4 Health and well-being | 2.2 Parents as partners | 3.4 The wider context | |

Procedures

Child going missing on the premises

- As soon as it is noticed that a child is missing the key person/staff alerts the setting leader.
- The setting leader calls the police and reports the child as missing and then calls the parent.
- The setting leader will carry out a thorough search of the building and garden.
- The register is checked to make sure no other child has also gone astray.
- Doors and gates are checked to see if there has been a breach of security whereby a child could wander out.
- The setting leader talks to the staff to find out when and where the child was last seen and records this.
- The setting leader contacts the chairperson or owner and reports the incident. The chairperson or owner comes to the setting immediately to carry out an investigation, with the management committee where applicable.

Child going missing on an outing

This describes what to do when staff have taken a small group on an outing, leaving the setting leader and/or other staff back in the setting. If the setting Leader has accompanied children on the outing, the procedures are adjusted accordingly.

What to do when a child goes missing from a whole setting outing may be a little different, as parents usually attend and are responsible for their own child.

- As soon as it is noticed that a child is missing, staff on the outing ask children to stand with their designated carer and carry out a headcount to ensure that no other child has gone astray. One staff member searches the immediate vicinity but does not search beyond that.
- The setting leader or manager is contacted immediately (if not on the outing) and the incident recorded.
- The setting leader contacts the police and reports the child as missing.
- The setting leader contacts the parent, who makes their way to the setting.
- Staff take the remaining children back to the setting.
- In an indoor venue, the staff contact the venue's security who will handle the search and contact the police if the child is not found.
- The setting leader contacts the chairperson or owner and reports the incident. The chairperson or owner comes to the setting immediately to carry out an investigation, with the management committee where applicable.
- The setting leader, or a member of staff may be advised by the police to stay at the venue until they arrive.

The investigation

- Staff keep calm and do not let the other children become anxious or worried.
- The setting leader together with the chairperson or representative from the management committee or owner, speaks with the parent(s).
- The chairperson and management committee or owner, carry out a full investigation taking written statements from all the staff in the room or who were on the outing.
- The key person/staff member writes an incident report detailing:
 - The date and time of the report.
 - What staff/children were in the group/outing and the name of the staff designated responsible for the missing child.
 - When the child was last seen in the group/outing.
 - What has taken place in the group or outing since the child went missing.
 - The time it is estimated that the child went missing.
- A conclusion is drawn as to how the breach of security happened.
- If the incident warrants a police investigation, all staff co-operate fully. In this case, the police will handle all aspects of the investigation, including interviewing staff. Children's social care may be involved if it seems likely that there is a child protection issue to address.
- The incident is reported under RIDDOR arrangements (see the Reporting of Accidents and Incidents policy); the local authority Health and Safety Officer may want to investigate and will decide if there is a case for prosecution.
- In the event of disciplinary action needing to be taken, Ofsted is informed.
- The insurance provider is informed.

Managing people

- Missing child incidents are very worrying for all concerned. Part of managing the incident is to try to keep everyone as calm as possible.
- The staff will feel worried about the child, especially the key person or the designated carer responsible for the safety of that child for the outing. They may blame themselves and their feelings of anxiety and distress will rise as the length of time the child is missing increases.
- Staff may be the understandable target of parental anger and they may be afraid. Setting leaders need to ensure that staff under investigation are not only fairly treated but receive support while feeling vulnerable.
- The parents will feel angry, and fraught. They may want to blame staff and may single out one staff member over others; they may direct their anger at the setting leader. When dealing with a distraught and angry parent, there should always be two members of staff, one of whom is the setting leader and the other should be the chairperson of the management committee or representative, or the proprietor. No matter how understandable the parent's anger may be, aggression or threats against staff are not tolerated, and the police should be called.
- The other children are also sensitive to what is going on around them. They too may be worried. The remaining staff caring for them need to be focused on their needs and must not discuss the incident in front of them. They should answer children's questions honestly but also reassure them.
- In accordance with the severity of the final outcome, staff may need counselling and support. If a child is not found, or is injured, or worse, this will be a very difficult time. The chairperson or proprietor will use their discretion to decide what action to take.
- Staff must not discuss any missing child incident with the press without taking advice.

CHILD PROTECTION

1.6 Online safety (inc. mobile phones and cameras)

Policy statement

We take steps to ensure that there are effective procedures in place to protect children, young people and vulnerable adults from the unacceptable use of Information Communication Technology (ICT) equipment or exposure to inappropriate materials in the setting.

EYFS key themes and commitments

| A Unique Child | Positive Relationships | Enabling Environments | Learning and Development |
|---|-------------------------|-----------------------|--------------------------|
| 1.3 Keeping safe 1.4 Health and well-being | 2.2 Parents as partners | 3.4 The wider context | |

Procedures

- Our designated person (manager/deputy) responsible for co-ordinating action taken to protect children is:
MARIAM KARIM

Information Communication Technology (ICT) equipment

- Only ICT equipment belonging to the setting is used by staff and children.
- The designated person is responsible for ensuring all ICT equipment is safe and fit for purpose.
- All computers have virus protection installed.
- The designated person ensures that safety settings are set to ensure that inappropriate material cannot be accessed.
- Tablets are only used for the purposes of observation, assessment and planning and to take photographs for individual children's learning journeys.
- Tablets remain on the premises and are stored securely at all times when not in use.
- Staff follow the additional guidance provided with the system

Internet access

- Children do not normally have access to the internet and never have unsupervised access.
- If staff access the internet with children for the purposes of promoting their learning, written permission is gained from parents who are shown this policy.
- The designated person has overall responsibility for ensuring that children and young people are safeguarded and risk assessments in relation to online safety are completed.

- Children are taught the following stay safe principles in an age appropriate way prior to using the internet;
 - only go on line with a grown up
 - be kind online **and** keep information about me safely
 - keep information about me safely
 - only press buttons on the internet to things I understand
 - tell a grown up if something makes me unhappy on the internet
- Designated persons will also seek to build children's resilience in relation to issues they may face in the online world, and will address issues such as staying safe, having appropriate friendships, asking for help if unsure, not keeping secrets as part of social and emotional development in age appropriate ways.
- If a second hand computer is purchased or donated to the setting, the designated person will ensure that no inappropriate material is stored on it before children use it.
- All computers for use by children are located in an area clearly visible to staff.
- Children are not allowed to access social networking sites.
- Staff report any suspicious or offensive material, including material which may incite racism, bullying or discrimination to the Internet Watch Foundation at www.iwf.org.uk.
- Suspicions that an adult is attempting to make inappropriate contact with a child on-line is reported to the National Crime Agency's Child Exploitation and Online Protection Centre at www.ceop.police.uk.
- The designated person ensures staff have access to age-appropriate resources to enable them to assist children to use the internet safely.
- If staff become aware that a child is the victim of cyber-bullying, they discuss this with their parents and refer them to sources of help, such as the NSPCC on 0808 800 5000 or www.nspcc.org.uk, or Childline on 0800 1111 or www.childline.org.uk.

Email

- Children are not permitted to use email in the setting. Parents and staff are not normally permitted to use setting equipment to access personal emails.
- Staff do not access personal or work email whilst supervising children.
- Staff send personal information by encrypted email and share information securely at all times.

Mobile phones – children

- Children do not bring mobile phones or other ICT devices with them to the setting. If a child is found to have a mobile phone or ICT device with them, this is removed and stored in [lockers or a locked drawer] until the parent collects them at the end of the session.

Mobile phones – staff and visitors

- Personal mobile phones are not used by our staff on the premises during working hours. They will be stored in lockers or a locked drawer.
- In an emergency, personal mobile phones may be used in an area where there are no children present, with permission from the manager.

- Our staff and volunteers ensure that the setting telephone number is known to family and other people who may need to contact them in an emergency.
- Our members of staff or volunteers are **NOT ALLOWED TO** take their mobile phones on outings, for use in case of an emergency.
- Parents and visitors are requested not to use their mobile phones whilst on the premises. We make an exception if a visitor's company or organisation operates a lone working policy that requires contact with their office periodically throughout the day. Visitors will be advised of a quiet space where they can use their mobile phone, where no children are present.
- These rules also apply to the use of work-issued mobiles, and when visiting or supporting staff in other settings.

Cameras and videos

- Our staff and volunteers must not bring their personal cameras or video recording equipment into the setting.
- Photographs and recordings of children are only taken for valid reasons i.e. to record their learning and development, or for displays within the setting, with written permission received by parents (see the Registration form). Such use is monitored by the manager.
- Where parents request permission to photograph or record their own children at special events, general permission is gained from all parents for their children to be included. Parents are advised that they do not have a right to photograph anyone else's child or to upload photos of anyone else's children.
- If photographs of children are used for publicity purposes, parental consent must be given and safeguarding risks minimised, for example, ensuring children cannot be identified by name or through being photographed in a sweatshirt with the name of their setting on it.

Social media

- Staff are advised to manage their personal security settings to ensure that their information is only available to people they choose to share information with.
- Staff should not accept service users, children and parents as friends due to it being a breach of expected professional conduct.
- In the event that staff name the organisation or workplace in any social media they do so in a way that is not detrimental to the organisation or its service users.
- Staff observe confidentiality and refrain from discussing any issues relating to work
- Staff should not share information they would not want children, parents or colleagues to view.
- Staff should report any concerns or breaches to the designated person in their setting.
- Staff avoid personal communication, including on social networking sites, with the children and parents with whom they act in a professional capacity. If a practitioner and family are friendly prior to the child coming into the setting, this information is shared with the manager prior to a child attending and a risk assessment and agreement in relation to boundaries is agreed.

Electronic learning journals for recording children's progress

- Managers seek permission from the senior management team prior to using any online learning journal. A risk assessment is completed with details on how the learning journal is managed to ensure children are safeguarded.
- Staff adhere to the guidance provided with the system at all times.

Use and/or distribution of inappropriate images

- Staff are aware that it is an offence to distribute indecent images. In the event of a concern that a colleague or other person is behaving inappropriately, the Safeguarding Children and Child Protection policy, in relation to allegations against staff and/or responding to suspicions of abuse, is followed
- Staff are aware that grooming children and young people on line is an offence in its own right and concerns about a colleague's or others' behaviour are reported (as above).

Further guidance

- NSPCC and CEOP *Keeping Children Safe Online* training: www.nspcc.org.uk/what-you-can-do/get-expert-training/keeping-children-safe-online-course/

CHILD PROTECTION

1.7 SLEEPING CHILDREN POLICY

Policy statement

Procedures

When children are asleep whilst in the care of the nursery a member of staff will check on them every 10 minutes. These checks will be recorded to prove that checking has taken place. The staff member checking will write their initials next to the record of the check.

All possible attention will be given to ensure the child is both comfortable and safe in appropriate accommodation. If the child is asleep in a pushchair or pram then they will be secured by a set of reins. Cots are available for the children to sleep in and these will be of a safe and secure standard with high sides.

No children will be put down to sleep with a bottle unsupervised in order to prevent the possibility of choking therefore bottle is removed when child has fallen to sleep. Parents may provide the child's usual security aids. Parent's wishes will be followed relating to how the child is positioned to sleep.

We aim to be flexible and consistent with home routines with regards to sleeps especially for the under twos. We do however, urge you to be aware that nursery environment will differ from home and therefore sleep times could differ slightly.

| A Unique Child | Positive Relationships | Enabling Environments | Learning and Development |
|---|------------------------|----------------------------|--------------------------|

CHILD PROTECTION

1.8 Social Networking Policy

Policy statement

This policy has been put in place to protect staff and the reputation of Kids Corner Nursery Ltd and applies to staff, students and volunteers. When using social networking sites such as Facebook you must:

- Always remember that you are a representative of the nursery, even out of work hours. Therefore you are responsible for showing the nursery in good light.
- **NEVER** talk about or display photos of staff without their permission and it must be regarded in a positive manner.
- Children and families must NEVER be discussed on these sites or on personal social networking accounts even with colleagues or the parents and their information must never be used.
- If you are a member of the Nursery Facebook site you must adjust your settings so that your personal information cannot be accessed through the page.
- Remember that the relationship between yourselves and parents should remain professional at all times. You would not become friends with a GP or primary school teacher on Facebook and these expectations remain the same for Nursery. If a parent tries to add you as a friend you should sensitively decline the offer.
- **NEVER** put photographs of the children attending the setting on social networking sites.
- Do not publish pictures or information showing or stating drunken behaviour, drug using or explicit content. Remember, you are a representative of the nursery. You should ensure that your profile is completely private and families attending the nursery have no access to your account. Please do not publish where you work on your Facebook page.
- Do not post that you have had a 'bad day' or any similar comment as it reflects badly to your colleagues who work closely with you and to parents who trust you with the care of their child, should they be able to see it. This can cause hostility and is detrimental to team moral..

Procedures

- *These guidelines have been put in place to ultimately protect staff. Becoming 'friends' with parents is unprofessional, and can in a worst case scenario damage practitioners professional reputation. In some instances becoming friends with customers can lead to individuals feeling pressurised into divulging confidential information regarding other children, families, staff and management. Any breach of confidentiality can and will lead to disciplinary action and dismissal from the company.*

EYFS key themes and commitments

List in the boxes below, which key commitments of the EYFS this policy or procedure will be relevant to.

| A Unique Child | Positive Relationships | Enabling Environments | Learning and Development |
|------------------|---------------------------|-----------------------|--------------------------|
| 1.3 Keeping Safe | 2.1 Respecting each other | | |

| | | |
|--|--|-----------------|
| This policy was adopted at a meeting of | <u>Kids Corner Nursery ltd</u> | name of setting |
| Held on | <u>July 2021</u> | (date) |
| Date to be reviewed | <u>July 2022</u> | (date) |
| Signed on behalf of the management committee | <u><i>Hafsa Ghaswala</i></u> <u><i>Mariam Karim</i></u> | |
| Name of signatory | <u>Hafsa Ghaswala & Mariam Karim</u> | |
| Role of signatory (e.g. chair/owner) | <u>Owner/Manager</u> | |

1.9 Responding to safeguarding or child protection concerns

The designated person is *Mariam Karim*, the back-up designated person is *[insert name]*, the designated officer is *Hafsa Ghaswala*

During Covid-19, staff remain alert (as per this procedure) to signs of neglect as a result of the extraordinary circumstances and the measures taken to curb the spread of the virus.

EYFS key themes and commitments

| A Unique Child | Positive Relationships | Enabling Environments | Learning and Development |
|------------------------|---------------------------|----------------------------|--|
| 1.2 Inclusive practice | 2.1 Respecting each other | 3.2 Supporting every child | 4.4 Personal, social and emotional development |

Safeguarding roles

- All staff recognise and know how to respond to signs and symptoms that may indicate a child is suffering from or likely to be suffering from harm. They understand that they have a responsibility to act immediately by discussing their concerns with the designated person or a named back-up designated person.
- The manager and deputy are the designated person and back-up designated person, responsible for co-ordinating action taken by the setting to safeguard vulnerable children and adults.
- All concerns about the welfare of children in the setting should be reported to the designated person or the back-up designated person.
- The designated person ensures that all practitioners are alert to the indicators of abuse and neglect and understand how to identify and respond to these.
- The setting should not operate without an identified designated person at any time.
- The line manager of the designated person is the designated officer.
- The designated person informs the designated officer about serious concerns as soon as they arise and agree the action to be taken, seeking further clarification if there are any doubts that the issue is safeguarding.
- If it is not possible to contact the designated officer, action to safeguard the child is taken first and the designated officer is informed later. If the designated officer is unavailable advice is sought from their line manager or equivalent.
- Issues which may require notifying to Ofsted are notified to the designated officer to make a decision regarding notification. The designated person must remain up to date with Ofsted reporting and notification requirements.

- If there is an incident, which may require reporting to RIDDOR the designated officer immediately seeks guidance from the owners/directors/trustees. There continues to be a requirement that the designated officer follows legislative requirements in relation to reporting to RIDDOR.
- All settings follow procedures of their Local Safeguarding Partners (LSP) for safeguarding and any specific safeguarding procedures such as responding to radicalisation/extremism concerns. Procedures are followed for managing allegations against staff, as well as for responding to concerns and complaints raised about quality or practice issues, whistle-blowing and escalation.

Responding to marks or injuries observed

- If a member of staff observes or is informed by a parent/carer of a mark or injury to a child that happened at home or elsewhere, the member of staff makes a record of the information given to them by the parent/carer in the child's personal file, which is signed by the parent/carer.
- The member of staff advises the designated person as soon as possible if there are safeguarding concerns about the circumstance of the injury.
- If there are concerns about the circumstances or explanation given, by the parent/carer and/or child, the designated person decides the course of action to be taken with guidance from LSP.
- If the mark or injury is noticed later in the day and the parent is not present, this is raised with the designated person.
- If there are concerns about the nature of the injury, and it is unlikely to have occurred at the setting, the designated person decides the course of action required and Safeguarding incident reporting form is completed as above, taking into consideration any explanation given by the child.
- If there is a likelihood that the injury is recent and occurred at the setting, this is raised with the designated person.
- If there is no cause for further concern, a record is made in the Accident Record, with a note that the circumstances of the injury are not known.
- If the injury is unlikely to have occurred at the setting, this is raised with the designated person
- The parent/carer is advised at the earliest opportunity.
- If the parent believes that the injury was caused at the setting this is still recorded in the Accident Record and an accurate record made of the discussion is made on the child's personal file.

Responding to the signs and symptoms of abuse

- Concerns about the welfare of a child are discussed with the designated person without delay.
- A written record is made of the concern on Safeguarding incident reporting form as soon as possible.
- Concerns that a child is in immediate danger or at risk of significant harm are responded to immediately and if a referral is necessary this is made as soon as possible.

Responding to a disclosure by a child

- When responding to a disclosure from a child, the aim is to get just enough information to take appropriate action.
- The practitioner listens carefully and calmly, allowing the child time to express what they want to say.

- Staff do not attempt to question the child but if they are not sure what the child said, or what they meant, they may prompt the child further by saying *'tell me more about that'* or *'show me again'*.
- After the initial disclosure, staff speak immediately to the designated person. They do not further question or attempt to interview a child.
- If a child shows visible signs of abuse such as bruising or injury to any part of the body and it is age appropriate to do so, the key person will ask the child how it happened.
- When recording a child's disclosure their exact words are used as well as the exact words with which the member of staff responded.
- If marks or injuries are observed, these are recorded on a body diagram.

Decision making (all categories of abuse)

- The designated person makes a professional judgement about referring to other agencies, including Social Care using the Local Safeguarding Partnership (LSP) threshold document:
 - Level 1: Child's needs are being met. Universal support.
 - Level 2: Universal Plus. Additional professional support is needed to meet child's needs.
 - Level 3: Universal Partnership Plus. Targeted Early Help. Coordinated response needed to address multiple or complex problems.
 - Level 4: Specialist/Statutory intervention required. Children in acute need, likely to be experiencing, or at risk of experiencing significant harm.
- Staff are alert to indicators that a family may benefit from early help services and should discuss this with the designated person.

Seeking consent from parents/carers to share information before making a referral for early help (Tier 2/3*)

Parents are made aware of the setting's Privacy Notice which explains the circumstances under which information about their child will be shared with other agencies. When a referral for early help is necessary, the designated person must always seek consent from the child's parents to share information with the relevant agency.

- If consent is sought and withheld and there are concerns that a child may become at risk of significant harm without early intervention, there may be sufficient grounds to over-ride a parental decision to withhold consent.
- If a parent withholds consent, this information is included on any referral that is made to the local authority. In these circumstances a parent should still be told that the referral is being made beforehand (unless to do so may place a child at risk of harm).

**Tier 2: Children with additional needs, who may be vulnerable and showing early signs of abuse and/or neglect; their needs are not clear, not known or not being met. Tier 3: Children with complex multiple needs, requiring specialist services in order to achieve or maintain a satisfactory level of health or development or to prevent significant impairment of their health and development and/or who are disabled.*

Informing parents when making a child protection referral

In most circumstances consent will not be required to make a child protection referral, because even if consent is refused, there is still a professional duty to act upon concerns and make a referral. When a child protection referral has been made, the designated person contacts the parents (only if agreed with social care) to inform them that a referral has been made, indicating the concerns that have been raised, unless social care advises that the parent should not be contacted until such time as their investigation, or the police investigation, is concluded. Parents are not informed prior to making a referral if:

- there is a possibility that a child may be put at risk of harm by discussion with a parent/carer, or if a serious offence may have been committed, as it is important that any potential police investigation is not jeopardised
- there are potential concerns about sexual abuse, fabricated illness, FGM or forced marriage
- contacting the parent puts another person at risk; situations where one parent may be at risk of harm, e.g. domestic abuse; situations where it has not been possible to contact parents to seek their consent may cause delay to the referral being made

The designated person makes a professional judgment regarding whether consent (from a parent) should be sought before making a child protection referral as described above. They record their decision about informing or not informing parents along with an explanation for this decision. Advice will be sought from the appropriate children's social work team if there is any doubt. Advice can also be sought from the designated officer.

Referring

- The designated person or back-up follows their LSP procedures for making a referral.
- If the designated person or their back-up is not on site, the most senior member of staff present takes responsibility for making the referral to social care.
- If a child is believed to be in immediate danger, or an incident occurs at the end of the session and staff are concerned about the child going home that day, then the Police and/or social care are contacted immediately.
- If the child is 'safe' because they are still in the setting, and there is time to do so, the senior member of staff contacts the setting's designated officer for support.
- Arrangements for cover (as above) when the designated person and back-up designated person are not on-site are agreed in advance by the setting manager and clearly communicated to all staff.

Further recording

- Information is recorded using Safeguarding incident reporting form, and a short summary entered in the child's personal file. Discussion with parents and any further discussion with social care is recorded. If recording a conversation with parents that is significant, regarding the incident or a related issue, parents are asked to sign and date it a record of the conversation. It should be clearly recorded what action was taken, what the outcome was and any follow-up.
- If a referral was made, copies of all documents are kept and stored securely and confidentially (including copies in the child's safeguarding file).

- Each member of staff/volunteer who has witnessed an incident or disclosure should also make a written statement as above.
- Follow up phone calls to or from social care are recorded in the child's file; with date, time, the name of the social care worker and what was said.
- Safeguarding records are kept up to date and made available for confidential access by the designated officer to allow continuity of support during closures or holiday periods.

Reporting a serious child protection incident

- The designated person is responsible for reporting to the designated officer and seeking advice if required prior to making a referral as described above.
- For child protection concerns at Tier 3 and 4** it will be necessary for the designated person to complete safeguarding incident report and send it to the designated officer.
- Further briefings are sent to the designated officer when updates are received until the issue is concluded.

** Tier 3: Children with complex multiple needs, requiring specialist services in order to achieve or maintain a satisfactory level of health or development or to prevent significant impairment of their health and development and/or who are disabled. Tier 4: Children in acute need, who are suffering or are likely to suffer significant harm.

Professional disagreement/escalation process

- If a practitioner disagrees with a decision made by the designated person not to make a referral to social care they must initially discuss and try to resolve it with them.
- If the disagreement cannot be resolved with the designated person and the practitioner continues to feel a safeguarding referral is required then they discuss this with the designated officer.
- If issues cannot be resolved the whistle-blowing policy should be used, as set out below.
- Supervision sessions are also used to discuss concerns but this must not delay making safeguarding referrals.

Whistleblowing

The whistle blowing procedure must be followed in the first instance if:

- a criminal offence has been committed, is being committed or is likely to be committed
- a person has failed, is failing or is likely to fail to comply with any legal obligation to which he or she is subject. This includes non-compliance with policies and procedures, breaches of EYFS and/or registration requirements
- a miscarriage of justice has occurred, is occurring or is likely to occur
- the health and safety of any individual has been, is being or is likely to be endangered
- the working environment has been, is being or is likely to be damaged;

- that information tending to show any matter falling within any one of the preceding clauses has been, is being or is likely to be deliberately concealed

There are 3 stages to raising concerns as follows:

1. If staff wish to raise or discuss any issues which might fall into the above categories, they should normally raise this issue with their manager/Designated Person.
2. Staff who are unable to raise the issue with their manager/Designated Person should raise the issue with their line manager's manager/Designated Officer.
3. If staff are still concerned after the investigation, or the matter is so serious that they cannot discuss it with a line manager, they should raise the matter with [insert name and contact details of most senior person].

Ultimately, if an issue cannot be resolved and the member of staff believes a child remains at risk because the setting or the local authority have not responded appropriately, the NSPCC have introduced a whistle-blowing helpline 0800 028 0285 for professionals who believe that:

- their own or another employer will cover up the concern
- they will be treated unfairly by their own employer for complaining
- if they have already told their own employer and they have not responded

Female genital mutilation (FGM)

Practitioners should be alert to symptoms that would indicate that FGM has occurred, or may be about to occur, and take appropriate safeguarding action. Designated persons should contact the police immediately as well as refer to children's services local authority social work if they believe that FGM may be about to occur.

It is illegal to undertake FGM or to assist anyone to enable them to practice FGM under the Female Genital Mutilation Act 2003, it is an offence for a UK national or permanent UK resident to perform FGM in the UK or overseas. The practice is medically unnecessary and poses serious health risks to girls. FGM is mostly carried out on girls between the ages of 0-15, statistics indicate that in half of countries who practise FGM girls were cut before the age of 5. LSCB guidance must be followed in relation to FGM, and the designated person is informed regarding specific risks relating to the culture and ethnicity of children who may be attending their setting and shares this knowledge with staff.

Symptoms of FGM in very young girls may include difficulty walking, sitting or standing; painful urination and/or urinary tract infection; urinary retention; evidence of surgery; changes to nappy changing or toileting routines; injury to adjacent tissues; spends longer than normal in the bathroom or toilet; unusual and /or changed behaviour after an absence from the setting (including increased anxiety around adults or unwillingness to talk about home experiences or family holidays); parents are reluctant to allow child to undergo normal medical examinations; if an older sibling has undergone the procedure a younger sibling may be at risk; discussion about plans for an extended family holiday

Government help and advice: www.gov.uk/female-genital-mutilation

Children and young people vulnerable to extremism or radicalisation

Early years settings, schools and local authorities have a duty to identify and respond appropriately to concerns of any child or adult at risk of being drawn into terrorism. LSP's have procedures which cover how professionals should respond to concerns that children or young people may be at risk of being influenced by or being made vulnerable by the risks of extremism.

There are potential safeguarding implications for children and young people who have close or extended family or friendship networks linked to involvement in extremism or terrorism.

- The designated person is required to familiarise themselves with LSP procedures, as well as online guidance including:
 - Channel Duty guidance: Protecting people vulnerable to being drawn into terrorism www.gov.uk/government/publications/channel-and-prevent-multi-agency-panel-pmap-guidance
 - Prevent Strategy (HMG 2011) www.gov.uk/government/publications/prevent-strategy-2011
 - The prevent duty: for schools and childcare providers www.gov.uk/government/publications/protecting-children-from-radicalisation-the-prevent-duty
- The designated person should follow LSP guidance in relation to how to respond to concerns regarding extremism and ensure that staff know how to identify and raise any concerns in relation to this with them.
- The designated person must know how to refer concerns about risks of extremism/radicalisation to their LSP safeguarding team or the Channel panel, as appropriate.
- The designated person should also ensure that they and all other staff working with children and young people understand how to recognise that someone may be at risk of violent extremism.
- The designated person also ensures that all staff complete *The Prevent Duty in an Early Years Environment* and *Understanding Children's Rights and Equality and Inclusion in Early Years Settings* online EduCare courses.
- If available in the area, the designated person should complete WRAP (or equivalent) training and support staff to access the training as offered by local authorities. WRAP training covers local arrangements for dealing with concerns that a child may be at risk of extremism and/or radicalisation.
- The designated person should understand the perceived terrorism risks in relation to the area that they deliver services in.

Parental consent for radicalisation referrals

LSP procedures are followed in relation to whether parental consent is necessary prior to making a referral about a concern that a child or adult may be at risk of being drawn into terrorism. It is good practice to seek the consent of the person, or for very young children, the consent of their parent/carer prior to making a referral, but it is not a requirement to seek consent before referring a concern regarding possible involvement in extremism or terrorism if it may put a child at risk, or if an offence may have been or may be committed. Advice should be sought from line managers and local agencies responsible for safeguarding, as to whether or not consent should be sought on a case-by-case basis. Designated persons should be mindful that discussion regarding potential referral due to concerns may be upsetting for the subject of the

referral and their family. Initial advice regarding whether an incident meets a threshold for referral can be sought from the relevant local agency without specific details such as names of the family being given in certain circumstances.

Consent is required prior to any individual engaging with a Channel intervention. Consent is usually sought by Channel partners, but LSP procedures should be followed regarding this.

If there is a concern that a person is already involved in terrorist activity this must be reported to the Anti-Terrorist Hot Line 0800 789 321-Text/phone 0800 0324 539. Police can be contacted on 101.

Concerns about children affected by gang activity/serious youth violence

Practitioners should be aware that children can be put at risk by gang activity, both through participation in and as victims of gang violence. Whilst very young children will be very unlikely to become involved in gang activity they may potentially be put at risk by the involvement of others in their household in gangs, such as an adult sibling or a parent/carer. Designated persons should be familiar with their LSP guidance and procedures in relation to safeguarding children affected by gang activity and ensure this is followed where relevant.

Forced marriage/Honour based violence

Forced marriage is a marriage in which one or both spouses do not consent to the marriage but are forced into it. Duress can include physical, psychological, financial, sexual and emotional pressure. In the cases of some vulnerable adults who lack the capacity to consent coercion is not required for a marriage to be forced. A forced marriage is distinct from an arranged marriage. An arranged marriage may have family involvement in arranging the marriages, but crucially the choice of whether to accept the arrangement remains with the prospective spouses.

Forced marriage became criminalised in 2014. There are also civil powers for example a Forced Marriage Protection Order to protect both children and adults at risk of forced marriage and offers protection for those who have already been forced into marriage.

Risks in relation to forced marriage are high and it is important that practitioners ensure that anyone at risk of forced marriage is not put in further danger. If someone is believed to be at risk it is helpful to get as much practical information as possible, bearing in mind the need for absolute discretion, information that can be helpful will include things like, names, addresses, passport numbers, national insurance numbers, details of travel arrangements, dates and location of any proposed wedding, names and dates of birth of prospective spouses, details of where and with whom they may be staying etc. Forced marriage can be linked to honour-based violence, which includes assault, imprisonment and murder. Honour based violence can be used to punish an individual for undermining what the family or community believes to be the correct code of behaviour.

In an emergency police should be contacted on 999.

Forced Marriage Unit can be contacted either by professionals or by potential victims seeking advice in relation to their concerns. The contact details are below.

- Telephone: +44 (0) 20 7008 0151
- Email: fmufco.gov.uk
- Email for outreach work: fmufcooutreach.gov.uk
